19th December 2025

Dear Parents/Guardians,

Starting from Thursday, 15th January, we will be launching a LKS2 Tech Club aimed at igniting a passion for computing. The club sessions will take place every Thursday after school from 3:30 pm to 4:30 pm until the half term (five sessions).

During the club, children will take part in exciting, age-appropriate computing and digital creativity activities. These will help them develop key ICT skills such as logical thinking, digital art, and safer use of technology including the use of AI — all while having fun and working collaboratively.

To help cover the costs of resources used during the sessions, there will be a nominal fee of £50 per child for the entire five-week period. Once you have signed your child up, you will receive a School Money payment email for these costs.

Participation in the LKS2 Tech Club is open to all LKS2 students, and we encourage those who have an interest in exploring computing further to join us. Spaces are limited, so please complete the [google form](#) here to secure your child's place by **Wednesday 7th January**.

If you have any questions or require further information about the LKS2 Tech Club, please do not hesitate to contact us. We are committed to providing enriching experiences that inspire curiosity and learning in our students, and we look forward to embarking on this exciting Tech journey together.

Kind regards,

Michael Burson
ICT Coordinator
